

## FAQ for Marquee Anniversary Virtual Party

S/N	Question	Response
1.	Why is the event hosted on two platforms instead of one?	<p>Marquee Singapore has decided to host the event on two platforms, Zoom and Twitch, to give party-goers a great viewing experience and, if they wish, to allow them to interact with other party-goers.</p> <p>Zoom allows for interaction with other users via the chat function. Additionally it will allow the Marquee team to select lucky participants and contest winners to be featured on screen. Those interested in viewing the performances only can opt for Twitch.</p>
